## THREE HEADS BLOWN OFF FIFTEEN THOUSAND DIE.

Awful Deeds That R. E. Stockwell Committed.

### TULSA'S TRIPLE TRAGEDY

Oil Man Goes to the Residence of His Son-in-Law's Father, W. E. Campbell, Takes His Life, Goes Home and Kills Own Son and Suicides.

Tulsa, I. T., Oct. 30.—B. E. Stockwell of this city shot and instantly killed W. E. Campbell, a prominent oil man and capitalist, formerly of Winfield, Kan., and then murdered his own son, aged thirteen, and committed suicide. Insane jealousy is given as the cause. The heads of all three were blown off.

Stockwell and Campbell are related in marriage, Campbell's son having married a daughter of Stockwell. Some days ago Stockwell went to the home of Campbell to remain until she departed for California. Tuesday Stockwell went to the home of Campbell, and calling him to the porch, without the slightest warning, stuck a double-barrelled shotgun in Campbell's face, blowing his head off. He then went to the Stockwell home, and going to the room of his son, who was sick in bed, shot and instantly killed the boy. His head also was blown off. Stockwell then turned the gun on himself, and for the third time blew off a head.

Campbell, who was fifty-three years old, was one of the business associates of Robert Galbraith in the Glenn pool oil fields.

### TROOPS REQUIRED.

Miners Try to Take Possession of a Camp, Especially Commissary.

Middlesboro, Ky., Oct. 30.—Because of a general disturbance following pay day in the mines near here the state authorities were called on for help, and a detachment of military arrested two men who are believed to have been most active in the trouble. The most serious trouble was at the Stony Fork mines, where the miners tried to take possession of the entire camp, especially seeking to gain the commissary.

At the Reliance mill John Settles was shot and killed by Mrs. John Folse, whom he had attacked when she remonstrated with him for mistreating a child. In the same camp a few minutes later Mrs. Sim Richmond accidentally shot Henry Purvis, and it is feared that he may die. The trouble was suppressed on the arrival of the military.

### HEROIC MICHAEL MASON.

Gave Up His Own Life in Saving Those of Three Others.

Pittsburg, Oct. 30.—Michael Mason, a middle aged man, employed by the Pennsylvania Railroad company at the union station, sacrificed his own life in saving three other persons from what seemed inevitable death.

A man, woman and child, in passing through the train sheds, got upon the tracks of an incoming train. Mason leaped to their side, and with a vigorous push hurled them from the track to the platform aside, but before he could himself reach the platform the train was upon him and he was crushed to death. Mason leaves a widow and two children.

The passengers escaped in the crowd before their names could be learned.

### SINGULAR FATALITY.

Point of an Instrument Enters Hand, Causing Dentist's Death.

New Britain, Conn., Oct. 30.—Dr. Charles Eugene Monks, thirty-eight years old, a dentist, died from blood poisoning contracted in relieving a patient's suffering. The man was suffering from a badly diseased tooth and before the dentist could sterilize an instrument he plunged the point into the palm of his hand, blood poisoning immediately developed in the hand and death followed after three days' of intense suffering.

### Hanged Himself From Doorway.

Memphis, Oct. 30.—Falling in an attempt to inflict a fatal wound by gashing himself on the left wrist with a razor J. E. McLaughlin ended his life by hanging himself from the doorway of a rooming house, using a sheet twisted into the shape of a rope. McLaughlin came here some months ago from Huntsville, Ala.

### Got Good News.

Dunkirk, N. Y., Oct. 30.—Telegraph operators, station agents and clerks of the Dunkirk, Allegheny Valley and Pittsburg railroad have been notified that an increase in wages of from \$5 to \$15 per month has been granted them, effective at once. The road is part of the New York Central lines.

### Woman to Be Hanged.

St. Petersburg, Oct. 30.—Mile. Razinnikova, who shot and killed a man Maximoffsky, director of the department of prisons of the ministry of interior, was taken to the fort of Peter and St. Paul, tried by a court-martial and sentenced to be executed.

Passes Away.

N. T. Wilson.

One of the Worst Disasters in the World's History.

### TWO INHABITANTS ALIVE.

Side of a Mountain, Loosened by an Earthquake, Descends Upon the City of Karatagh and Eliminates It From the Gaze of Humanity.

Tashkend, Oct. 30.—Information has been received at this Russian Turkistan city that the whole city of Karatagh, in Bokhara, has been destroyed, and the entire population, numbering about 15,000 persons, buried by a slide of a mountain, following the recent earthquake at that place. The governor and his mother were the only survivors.

### BRISK BREEZES BLOW.

Considerable Damage Reported as Galveston and Elsewhere.

Dallas, Oct. 30.—Telegraph, telephone and electric wires were down in southern Texas, according to meager advices received at this city, as the result of a severe wind storm which passed over that section of the state early Wednesday morning.

At Galveston the violence of the wind was reported so great that several houses were demolished. No fatalities have happened. Telegraphic communication was had with the city by the sad sea waves at 9 o'clock, but an hour later, the Underwriters' association of Galveston ordered the electric power plant to shut down until the tangled mass of wires could be separated and repaired.

At Houston and Beaumont some damage was reported, but no one said to have been killed or injured.

### BASEBALLISTS BADLY BEATEN.

"Jack" Sheridan and L. M. Olsen Receive Serious Pounding.

Chicago, Oct. 30.—"Jack" Sheridan, an umpire of the American Baseball league, and L. M. Olsen, gate manager at the American Baseball league park of this city; E. O. Glenn, a wealthy broker of Denver and M. J. Meyer, a cattleman of Cheyenne, were arrested Wednesday after a fight in which Sheridan and Olsen were badly beaten. The four men had been together throughout the night and when Meyer discovered he had lost \$120 he accused Olsen of the theft. Fight followed and Sheridan was knocked down by Glenn, receiving a cut over an eye. Olsen went to his assistance and was also knocked down. He declared while he was on the floor that somebody stepped on his neck. H. W. Boecker, the proprietor of the buffet in which the fight occurred and E. H. Reed, the bartender, endeavored to stop the fight and they also were beaten by Glenn and Meyer. When the men were searched at the station \$2,700 was found on Sheridan, it is alleged, Meyer and Glenn were uninjured with the exception of a few bruises.

### VIKSBURG CHOSEN.

Society of the Army of the Tennessee to Hold Reunion There.

Cincinnati, Oct. 30.—Announcement is made by the executive committee of the Society of the Army of the Tennessee that the thirty-seventh reunion will be held Nov. 7 and 8 at Vicksburg, Miss. The meeting will be held at the southern city upon invitation of the people of Vicksburg, represented by the city authorities, commercial organizations and survivors of the Confederate and Federal armies residing there. Governor Vardaman and Mayor Griffith will welcome the society. Major General Fred D. Grant will speak on the "Vicksburg Campaign." An address will also be made by Lieutenant General Stephen D. Lee, commander in chief of the United Confederate Veterans.

### MURDER OR SUICIDE.

Body of Prosperous Insurance Agent Found in the Waldorf Astoria.

New York, Oct. 30.—There is much mystery surrounding the death of Herman Bradley Potter, Jr., a prosperous insurance agent of Doylestown, Pa., whose body was found in a room at the Waldorf Astoria. His skull was fractured and there are wounds on the body.

A letter was left by Potter to his wife. It was written in a fine hand. Certain statements in it and the finding of a small jar containing remnants of a powder led the police to incline to the suicide theory.

### SANDLIN SELECTED.

Young Attorney of Prague Will Be Governor's Private Secretary.

Guthrie, Oct. 30.—Governor-elect Haskell has announced his first appointment, that of J. M. Sandlin of Prague, Okla., to be private secretary to the governor. Mr. Sandlin is a young attorney, a native of Alabama, and was a member of the constitutional convention. He will enter upon his duties as soon as the president officially signs the constitution.

### The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE  
BRYAN, TEXAS, OCT 31, 1907

The Wall street bears are growling ferociously and threatening to break into the Farmers' Union cotton warehouses.

President Roosevelt will not be present in the body at the Houston Island Waterways meeting but he will be there in spirit.

E. H. Harriman says now is the time to pawn our watch chains and buy stocks. Mr. Harriman has stocks to sell, of course.

Why don't the Japs go to Brazil, where they are welcome, and quit insisting on coming to this country where they are not wanted?

The Houston Post calls attention to the fact that no prize baby ever became president of the United States. Nor a newspaper paragrapher.

The first cabinet meeting in 115 days was held last week. Meanwhile this great nation jogged along nearly four months without an executive head.

The people of India are growing very restive under British domination and are demanding home rule. At present they are taxed outrageously and have no voice in the government.

One of the speakers at the Beaumont truckers' fair said that it costs less to produce a pound of butter than a pound of pork. This is a proposition for Brazos county farmers to figure on.

The agitation for the abolition of the British House of Lords is creating much excitement. In this age of the world a hereditary legislature is as great an anachronism as slavery or polygamy.

According to Edison the house of the future will be of concrete,

cast in one solid piece including stairways and bathtub. He says a three story house can be built in twelve hours at a cost of \$1000.

The boom of Cannon for the presidential nomination was opened by fifteen Illinois republican congressmen Tuesday. When asked about it Speaker Cannon said, "Boys, do as you please."

Mr. Sanders, candidate for Governor of Louisiana, has adopted as his campaign slogan: "Fewer factions and more factories." Couldn't he be induced to come to Texas and run for office.

Gold has been discovered in Brown county and fortune hunters are flocking thither. There is gold in the soil of Brazos county and our progressive farmers know the proper alchemy for extracting it.

The farmer who owns his home with a full complement of domestic animals of all kinds, corn in the crib, forage in the barn and no unpaid balance against him on his merchants' books, isn't worrying about high prices or politics.

As a result of the expansion of prohibition territory the sale of alcoholic beverages put up and labeled medicines is increasing so rapidly that the internal revenue bureau is going to find out what is medicine and what is booze in masquerade.

President Niell, of the Union was elected an honorary member of the Association of General Managers of Texas Railroads, but declined the honor because some of the members of the Farmers Union regarded the proposed relation as an entangling alliance.

The continued wet weather last spring drowned many of the young of the genus Meleagris, hence the prospect of turkeyless Thanksgiving dinners—But to give thanks don't refuse—you can substitute a goose; or a duck, just for luck, and if these you have not, then, fall back on the portly hen.

The representatives' chamber in the capitol at Washington is getting too small, or rather the House is getting too large, and it is suggested that the desks be taken out and the congressmen seated on benches. It wouldn't be a bad idea to have something to remind the boys of the old schoolhouse at the forks of the creek.

Last week Dr. Edward A. Ayers stated before the New York College of Medicine that 250,000 deaths result annually from the bites of mosquitoes. He holds the mosquito tribe responsible for the spread of five diseases, among which yellow fever, dengue and malaria are the best known in this country. If the doctors and scientists are right the extermination of disease breeding insects and other animals, including flies, fleas and cats, would result in the extinction of disease, and people would cease to die except from old age and accident.

**BURNED TO DEATH.**  
Lamp Orange Lady Was Carrying Exploded and Results Are Awful.  
Orange, Tex., Oct. 30.—Mrs. W. H. Patterson was burned to death and her home reduced to ashes as the result of a lamp explosion. Mrs. Patterson was carrying a lighted lamp when it exploded, covering her with the burning fluid, and her clothing was burned completely off. She died in a short time.

**FUNDS RETAINED.**  
Houston Will Discontinue the Shipment of Money For Pressinet.  
Houston, Oct. 30.—The Clearing House association has decided that for the present no more funds will be shipped outside of the city, but money remain here for the protection of local commercial interests.

**Destructive Fire.**  
Medford, Okla., Oct. 30.—A destructive fire visited the J. R. Stockwell farm, near Waldron, burning John Gripp's barn and all its contents, including 500 bushels of wheat, twenty tons of millet, one horse and numerous farm implements. There was no insurance.

**Robbed Three Times.**  
Binger, Okla., Oct. 30.—By using nitroglycerin three times the safe of the Binger Mercantile company was opened by unknown robbers and \$100 stolen. The money was postal funds left in the safe by Postmaster McWilliams. The mercantile company has been robbed three times this year.

**Two Slain, One Fatally Shot.**  
McAlester, I. T., Oct. 30.—Near the Dow coal mining camp, ten miles east of here, Phil Withers and George Robertson, white, were shot to death and a negro was so badly wounded that his death is expected.

**All Records Eclipsed**  
Austin, Oct. 30.—All records in the state treasury department were broken Monday in the school land division, when \$115,000 was received. It is due and payable Nov. 1.

**Bond Sales Tuesday**  
New York, Oct. 30.—Tuesday footed up \$2,000,000.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore formerly incurable disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes of Rheumatism are gone forever. There is now no real need—no actual excuse to suffer longer—out help. We sell, and in confidence.

CENTRAL TEXAS FREE BAPTIST ASSOCIATION.

Rev. Swanwick Ordained—Next Meeting at Brightlight Oct. 1908.

The Central Texas Free Baptist Association convened with Willow Hole church Oct. 24 to 27, and proved to be very interesting and profitable session. Fourteen churches were represented by a full delegation in addition to which were eight ministers, members of the mission board and a full attendance of all the officers.

The survey of the past year was very encouraging, showing an increase in membership beyond expectations; an increase in spiritual interest among former members; an increase in church organizations and an increase in financial strength.

In addition to the regular routine of business there were added to the church at Willow Hole 3 members, the church that gave the association such a warm reception, was greatly strengthened and the community at large and lifted higher in the moral sphere.

Saturday night proved to be a very effective service at which time Rev. John Swanwick was introduced and ordained to preach by the laying on of hands in accordance with ancient custom.

The next session will be held with Brightlight church, Harvey, Texas, embracing the first Sunday in Oct. 1908. T. A. S.

Wanted—Ten pounds good clean cotton rags at Eagle Office.

Etowah County Goes Dry.

Montgomery, Oct. 30.—A special to the Advertiser from Gadsden says returns from the election indicate that Etowah county gave prohibition a big majority. Approximately 3,000 votes were polled, with 1,600 for prohibition. The city of Gadsden gave prohibition 277 majority.

SEVERE STORM RAGED.

Losses at Island City Two Hundred Thousand Dollars.

Galveston, Oct. 30.—An electrical disturbance cyclonic in character visited this city at an early hour Wednesday morning, doing about \$200,000 damage to buildings in the business and residence sections. The body of Mrs. Elizabeth Naudscher was found beneath the wreckage of her house. Conveyors of the grain elevator on Pier 27 collapsed. The roof of the elevator was blown away, and smokestacks blown down.

The Mallory docks suffered the most damage. Fully half the sheds at Pier 23 and 24 were demolished. Loss is \$10,000. About \$3,000 worth of freight was stored.

On the Strand the building occupied by the Galveston Dry Goods company was partially unroofed. Damage to the building is \$4,000; to goods by rain, \$5,000.

New terminals of Rock Island was partially wrecked. Loss is \$8,000.

About thirty residences in the West End were destroyed.

The wind came from the northeast and gained a velocity of eighty miles an hour for a few minutes.

Vessels arriving from the sea report no disturbance outside. Wires are down. Street car traffic is at a standstill. Shipping did not suffer.

HOUSTON HIT HARD.

Torrents of Rain and High Winds Prevailed Several Hours.

Houston, Oct. 30.—Torrents of rain and high winds raged here several hours. The telephone lines are badly crippled. About 400 pairs of cables were put out of commission. The Rice hotel and business part of town were cut off from telephone service. Thirty feet of embankment on the White Oak bayou bridge caved in. The big ditch on Elgin avenue caved, partially stopping South End car line traffic. Other car lines were crippled. Electric lights went out at 10 o'clock, leaving the residence part of town in darkness. West bound Southern Pacific trains were five hours late on account of floods. Men were out in special trains to repair damage between Houston and Galveston.

TERRIBLE PLIGHT.

Eyes Blinded, Mouth, Throat and Stomach Raw and Head Hurt.

Lawton, Okla., Oct. 30.—Her eyes burned to sightlessness, her mouth, throat and stomach raw from injections of carbolic acid and her head lacerated and bruised from blows of a hatchet all administered, it is alleged, by her husband, Mrs. John Hopkins of Kingston, M., lies in critical state at the home of his sister, Mrs. J. J. Galyon, in this city. Hopkins is in the county jail from which enraged citizens threatened to take him. Hopkins, it is alleged, attacked his wife Tuesday evening about 6 o'clock.

TO TOUR TEXAS.

Class of Athletes and Acrobats Is Formed at University.

Austin, Oct. 30.—Several of the best athletes and more expert acrobats of the Texas university, gymnasium classes have been organized into a gymnasium team by Director Hawser. The team will begin practice at once, the intention of Director Hawser being to make a tour of the state, the cities of Dallas, Fort Worth and Waco having already been selected. After the return from this trip a public contest will be held in the university auditorium, when the most expert acrobat and athlete will be awarded the \$50 Curtis loving cup, a prize which is annually offered by Homer Curtis, former Texas gymnastic instructor, now of Pennsylvania university.

Quickly Suppressed.

## NEARING NORMAL.

Banking Conditions Continue to Steadily Improve.

New York, Oct. 30.—Banking conditions approached a normal state at this city Wednesday. The situation is now so well in hand that no further conferences of bankers are anticipated. The runs on one or two institutions may be said to be over and Wall street expressed gratification that the storm has been weathered. Banks improved their position Tuesday by calling in loans, and this process of adjustment was continued Wednesday. Liquidation of this char-

acter is well absorbed, considering the fact that many stock exchange houses are discounting new commitments on margin of basis and making purchases only for cash.

Bankers declare the clearing house certificate plan is working out smoothly and rapidly bringing about normal conditions.

## CASH FOR COTTON.

Exporters at New Orleans Are Discussing a Plan.

New Orleans, Oct. 30.—Cotton exporters here are discussing a plan for securing ready cash to export cotton, thereby lending relief to export and domestic exchange markets and to the movement of the cotton crop. This plan contemplates calling upon European consumers of cotton to buy in this country by depositing with European fiscal agents of the United States government such funds as buyers desired to apply the purchase of cotton. It is believed that through the treasurer at Washington there can be obtained a cabled transfer credit so credited to the subtreasury at New Orleans which will enable American exporters to draw against actual currency at New Orleans instead of selling sixty to ninety days' bills of exchange. It is pointed out that aside from the present low prices of cotton some European buyers might find this system advantageous through prices now obtained on foreign exchanges.

## NOT DISTURBED.

Railway Companies Will Continue to Handle All Business.

New York, Oct. 30.—The announcement from Oklahoma that a week's holiday had been officially proclaimed by the acting governor did not disturb the officers of the Rock Island or Santa Fe railway companies, who said they would take business as usual, and in every way endeavor to accommodate themselves to the situation and extend the utmost limit of relief to the merchants and shippers along their lines. A similar policy was announced in the office of the Union Pacific in respect to the week's holiday proclaimed in Oregon.

## No Definite Action.

Guthrie, Oct. 30.—After six hours' discussion, hearing committee reports and protracted debate the 200 delegates of Oklahoma and Indian Territory Bankers' association, assembled here, finally passed upon the proposition of reopening their institutions, which closed in response to the proclamation of acting Governor Filson declaring a six-day holiday, ending Nov. 2. On Thursday at 2 p. m. definite action as to what course the banks in both territories will pursue it was agreed would be taken.

## Club Manager Killed.

Chattanooga, Oct. 30.—Carl Bundschu, manager of the Elk club, was shot and killed by Hollie Westmoreland, the club's porter, says a special to the Times from Knoxville. The negro locked the body in a room and escaped. Three hours later it was discovered by a brother of the dead man.

## Universalists in Session.

Philadelphia, Oct. 30.—The biennial convention of the Universalist church, in business session here, placed itself on record as against the enfranchisement of women and declared for a uniform divorce law. It also declared for reformatory punishment of prisoners instead of capital punishment.

## Advance in Lumber Rates.

San Francisco, Oct. 30.—A big advance in rates on lumber shipments from this state to all eastern points is to go into effect Friday. About 12,000 cars of fir and 5,000 cars of redwood are annually shipped from California to the east and the advance in rates is equal to \$30 per car.

## "Kid McCoy" a Detective.

New York, Oct. 30.—Announcement is made that Norman Selby, better known as "Kid McCoy," the pugilist, has gone into the detective business with Frank Peabody, a former central office detective here, as a partner in a detective agency to be opened on Fifth avenue.

## TO TEST RULING.

This Action Has Been Decided Upon by the Katy.

Austin, Oct. 30.—At the office of the railroad commission it was learned that the Missouri, Kansas and Texas railway has notified the commission that it will contest the order of the commission requiring the Trinity and Brazos Valley freight and passenger trains to engage in local business between Waxahachie and Dallas on the joint track.

Under the contract for the joint use of the Katy track the Trinity and Brazos Valley obligated itself not to stop its trains for local business at any station between Waxahachie and Dallas. This contract was never submitted to or approved by the railroad commission, and copies of the contract and supplemental contract were furnished to the commission March 20 of this year, at Commissioner Colquitt's request. The original contract is dated in 1905 and the supplemental contract in 1906.

Since the Katy has given notice of contesting the order it is expected that proceedings will soon be inaugurated to enjoin the enforcement of the order directed against the Trinity and Brazos Valley to prevent it from violating the contract. The outcome of the litigation is of general interest, as there are several places of joint track in Texas where the lessee has bound itself not to stop trains at local stations, but to operate them from terminal to terminal, and not participate in the local business.

## EXPIRES IN PASTURE.

Bruce Griffin Dies While Preparing to Shoot at Game.

Fort Worth, Oct. 30.—Bruce Griffin, fifty-two years of age, was a long time a citizen of Crowley, was found dead in his pasture. Justice Bratton of Fort Worth held an inquest, his verdict being that death was caused by heart failure.

Mr. Griffin arose early and went gunning in his field, taking his double-barreled shotgun along. This was found beside the body with both barrels cocked. He evidently expired just at a time when he intended shooting. Deceased had charge of the hotel at Crowley.

## FINED TEN DOLLARS.

Negro Claimed He Broke Other Man's Neck by Accident.

Marlin, Tex., Oct. 30.—Burl Giles, a negro, pleaded guilty to a charge of negligent homicide and was fined \$10. The death of another negro occurred as the result of a brickbat striking him, same having been released from the hands of Giles, who declared it an accident. The blow broke the other negro's neck.

It is stated that several years ago a negro pleaded guilty here to a similar charge and was fined \$1.

## CUP FOR MISS GOULD.

Tribute to the Esteem Held For Her in the Navy.

New York, Oct. 30.—The enlisted men of the North Atlantic fleet will present a handsome loving cup to Miss Helen M. Gould on Nov. 19 or Dec. 5. Miss Gould endeared herself to the men of the navy by her philanthropic work for their interests. Each enlisted man contributed twenty-five cents to the cup fund. The cup will cost about \$2,000.

## Walking Match Articles Signed.

Cincinnati, Oct. 30.—Articles of agreement have been signed here for a six day walking match between Dan O'Leary of this city and Henry Schmell of Chicago for \$1,000 aside and two-thirds of the gate receipts. The match will be held at Music hall, the start to be made at 8 o'clock Monday evening, Nov. 18.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommended and sell.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that successful and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.
